LARGE CEILING FANS

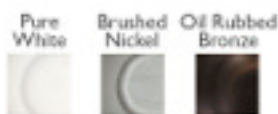

Liberator

10 Year Outdoor Limited Warranty
Lifetime Indoor Limited Warranty

The large diameter **Liberator** ceiling fan features nine blades, giving it a large physical presence. Contoured blades are available in 72" or 82" sweep sizes, or choose the 96" sweep aluminum blades for our largest sweep. The DC motor uses only 55 Watts of electricity. This is a powerful air moving machine and is suitable for damp locations. An optional integrated light is available.

The included control is WiFi compatible and the transmitter can be handheld or wall mounted.

96" Sweep Extruded Aluminum Blades

The large diameter (up to 7 feet!) Titan II ceiling fan features six blades in multiple sizes: 52", 66", 72", or 84" in diameter. The 50 Watt DC motor, along with the compound pitch of the blades, moves an enormous volume of air. An optional integrated light is available. The included control is WiFi compatible and the transmitter can be handheld or wall mounted.

Lifetime Indoor Limited Warranty

ION
Oil Rubbed Bronze Motor Finish
76" Sweep Contoured Blades 
Shown with Optional #600 LED Light

The 76" sweep Ion ceiling fan features three contoured blades, giving it a robust yet slender appearance, substantial in size but not overbearing in proportion. It is suitable in modern or contemporary decor. The DC motor consumes very little electricity and has superb energy efficiency. This fan can easily be outfitted with a Light Kit (#600) if integrated lighting is also desired. The included control is WiFi compatible and the transmitter can be handheld or wall mounted.

ION
Brushed Nickel Motor Finish 
76" Sweep Contoured Blades

The sleek vertical profile of the Evolution is accented by its flat bottom cover and the radial spread of three swept blades, available in three sizes - 72", 60", or 52" sweep. The gracefully contoured blades and energy efficient DC motor creates a powerful airflow. An optional integrated LED array light can be purchased to add functional lighting. The slim remote transmitter operates the Evolution's 6 speeds, dimming of the optional light, as well as additional security and comfort features.
